

Callum Boaden

ECOMMERCE OPERATIONS & DIGITAL SYSTEMS SPECIALIST

Cairns, QLD | Australia-based | Remote / Hybrid | callumboaden1@gmail.com | AU +61 0421 409 854 | TH +66 095 298 0687
linkedin.com/in/callum-boaden | github.com/callumboaden | callumboaden.github.io

Ecommerce operations and digital systems specialist with experience across Shopify, Amazon marketplaces, fulfilment, customer support, digital marketing, reporting, and internal systems. Managed operations across multiple ecommerce brands while working with remote teams, warehouses, suppliers, and service providers in Australia, the UK, EU, US, China, and Thailand. Hands-on across marketplace support, PPC, email marketing, inventory coordination, SOP documentation, and web development.

Work Experience

ECOMMERCE OPERATIONS MANAGER, Basetwelve Limited

MAR 2022 - MAY 2026, Remote

- Managed day-to-day ecommerce operations across four brands: Nexstand, WaterWell, Kink Ink, and Base12.
- Oversaw Shopify store updates, product information, support pages, promotional content, and customer-facing website changes.
- Managed Amazon UK, EU, and US marketplace work, including FBA stock issues, catalogue problems, removals, reimbursements, and support cases.
- Investigated stock discrepancies, delayed orders, missing inventory, incorrect shipments, and fulfilment errors with warehouses and marketplace partners.
- Coordinated fulfilment with warehouses, 3PLs, suppliers, and freight partners across the UK, EU, US, and China.
- Monitored stock levels, sell-through, replenishment needs, and inbound shipment progress across ecommerce and marketplace channels.
- Managed customer support workflows across multiple brands, including returns, delivery issues, replacement requests, product questions, and order follow-ups.
- Supported Amazon Ads, Google Ads, and Scale Insights activity through campaign checks, reporting, search term reviews, bid changes, and routine optimisation.
- Created SOPs, handover notes, warehouse instructions, support templates, returns guidance, and internal process documentation.
- Built and maintained an internal Next.js operations dashboard covering documentation, orders, sync health, exceptions, weekly reports, and Amazon listing workflows.

ECOMMERCE & MARKETING SPECIALIST, Basetwelve Limited

MAR 2020 - FEB 2022, Remote

- Supported Shopify website updates, Amazon listings, product pages, marketplace content, and promotional activity.
- Wrote and updated product descriptions, landing pages, SEO content, blog posts, email copy, and customer support material.
- Assisted with email marketing, PPC, SEO, social content, seasonal promotions, and product campaign preparation.
- Responded to customer enquiries about orders, delivery issues, product questions, replacements, and returns.
- Helped coordinate product launches, supplier updates, influencer samples, affiliate enquiries, and wholesale requests.
- Created website assets, product imagery, promotional banners, basic design materials, and performance checks for internal review.

FREELANCE WEB DESIGNER & DEVELOPER, Self-employed

APR 2018 - PRESENT, Bangkok / Remote

- Design and build responsive websites, ecommerce pages, and digital assets for small business clients.
- Customise Shopify and WordPress themes, including landing pages, product pages, sections, and mobile layouts.
- Provide website updates, maintenance, troubleshooting, hosting support, and content changes.
- Work with HTML, CSS, JavaScript, Shopify, WordPress, WooCommerce, Figma, Bootstrap, React, and related tools.

COMPUTER SCIENCE TEACHER, Sai Nam Peung School

JUN 2019 - MAR 2020, Bangkok, Thailand

- Taught computer science lessons covering Scratch, HTML, CSS, Python, and JavaScript.
- Prepared practical coding activities and assessed the progress of 240+ students throughout the school term.

ENGLISH TEACHER, Satri Witthaya 2 School

MAY 2018 - MAR 2019, Bangkok, Thailand

- Taught English lessons focused on speaking, listening, everyday communication, and supported 300+ students with application and interview preparation.

WEB CONTENT MANAGER, Ecrusing Pty Ltd
JAN 2014 - APR 2018, Sydney, Australia

- Managed website content across the company's travel websites, including pages, promotions, blog content, landing pages, and customer-facing information.
- Helped plan and implement new content structure and navigation for a company website redesign.
- Worked with the senior developer on website design and front-end updates using HTML5, CSS3, and JavaScript.
- Created and monitored digital marketing activity across email, PPC, SEO/SEM, social media, blogs, ads, and promotions.

Selected Project

BASE12 INTERNAL OPERATIONS DASHBOARD

- Built an internal operations dashboard to bring ecommerce workflows, documentation, order checks, sync health, exceptions, weekly reporting, and Amazon listing tasks into one place.
- Developed the dashboard using Next.js, PostgreSQL, Prisma, GitHub, Google SSO, and ecommerce platform integrations.
- Documented the project structure, workflows, and handover notes so the system could be maintained after leaving the business.
